Avant-Après

Designer Sergio Bicego
Produzione / Production year: 2017

Descrizione

Fluire, adattarsi, creare vuoti, riorganizzare spazi, accogliere e rinnovarsi. Questo è ciò che può fare il nuovo sistema di sedute Avant-Après. Rigoroso eppure leggero, il divano assume configurazioni estremamente interessanti grazie al particolare e unico sistema bracciolo/schienale che si stacca con un gesto semplice e si può posizionare lungo tutto il perimetro della base. Una danza al ritmo di un prima e dopo che può essere messa in scena ogni giorno, animata dalla voglia di sperimentare. Avant-Après ha un'allure sobria e un tratto elegante, le sedute sono appoggiate su una base di metallo rivestito in tessuto o in pelle, sollevato da terra su piedi in metallo. Raffinati accessori completano il sistema: i tavolini d'appoggio in due diverse dimensioni sono realizzati in legno noce canaletto. Completamente sfoderabile.

Struttura - Imbottitura

Base in metallo verniciato con piano di seduta in legno multistrato ricoperto da velfodera accoppiata a pressato 300gr/mq. I pannelli dei cuscini schiena e del bracciolo sono in legno multistrato rivestiti con velfodera accoppiata a pressato 300gr/mq. L'ancoraggio con la base è garantito da una piastra metallica verniciata dotata di staffe.

I cuscini schiena e il cuscino a cilindro sono imbottiti con piuma d'oca lavata e sterilizzata e fibra di poliestere 100% suddivisa a scomparti. Il cuscino bracciolo è imbottito con piuma d'oca lavata e sterilizzata suddivisa a scomparti. I cuscini seduta sono imbottiti in poliuretano espanso a quote differenziate (40IP – DYNAMIC ELAST Foam High Resilience – 25IM), rivestiti con vellutino accoppiato a dacron 280 gr/mq.

Piedini

In metallo con finitura nichel satinato o verniciato grigio.

Tavolino

In legno multistrato impiallacciato in noce canaletto e con bordi a taglio inclinato. L'ancoraggio con la base è garantito da una piastra metallica verniciata dotata di staffe.

Description

Flow, adapt, create void, rearrange space, receive and renew indefinitely. The new Avant-Après seating is able to do it all. Rigid yet lightweight, the sofa comes in fascinating configurations thanks to the special and unique armrest/backrest system that detaches with a simple movement and may be positioned all along the base. A pre-and-post dance that can be staged every day, created by the desire to try something new. Avant-Après has a sober allure and an elegant appearance. The seating is placed on a metal base upholstered in fabric or leather, resting on metal feet. Refined accessories complete the system: the side tables are walnut wood and come in two different sizes. Fully removable covers.

Structure - Padding

Base in painted metal with seating plane in plywood covered with velfodera on pressed 300gr/sqm. Back and armrest cushions' panels are in plywood covered with velfodera on pressed 300gr/sqm. Their anchorage with base is guaranteed through painted metal plate equipped with brackets.

The back and roll cushions are padded with washed and sterilized goose down and 100% polyester fiber divided into sections. The armrest cushion is padded with washed and sterilized goose down divided into sections. The seat cushions are padded with variable-density polyurethane foam (40IP – DYNAMIC ELAST Foam High Resilience – 25IM), covered with fine velvet coupled with dacron 280 gr/sqm.

Feet

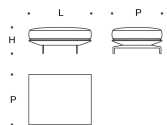

In metal with glazed nickel or grey painted finished.

Low Table

In veneered plywood in walnut and inclined cutting edges. Their anchorage with base is guaranteed through painted metal plate equipped with brackets.
